## CAT REMAN CYLINDER HEADS

Cat Reman heavy-duty cylinder heads are completely disassembled, thoroughly cleaned, inspected, and pressure-tested, then machined to OEM specifications. High-wear components—including valves, guides, seats, seals, and springs—are replaced with genuine Cat parts designed to restore engine performance in heavy-duty Cat diesel engines.

Offer valid January 1–June 30, 2026.

Discount applied automatically at time of purchase.
