

## INTRODUCING RUSHCARE CONTRACT MAINTENANCE.

**CUSTOMIZED CONTRACT MAINTENANCE PLANS TO FIT YOUR NEEDS.** At Rush Truck Centers, we approach service differently. We developed RushCare to provide the highest level of customer experience delivered through industry-leading solutions designed to increase uptime, maximize fleet safety and lower the total cost of ownership. And now Rush Truck Centers is introducing a new program to help minimize unexpected breakdowns, simplify the repair process and assist you in managing the on-going expense of maintaining your fleet.

RushCare Contract Maintenance offers maintenance plans for all makes and models of new and used trucks. Whether you operate one vehicle or a fleet of trucks, we work with you to customize a maintenance plan that includes the services you need, at a consistent expense and pricing, and state-of-the-art repair facilities with factory-trained technicians qualified to work on all makes and models of trucks.

Your contract maintenance package includes the following services. Additional services are available upon request.

- Scheduled preventive maintenance
- Annual DOT inspections
- Aftertreatment – DPF/DOC
- Transmission and differential service maintenance
- Valve adjustment
- Coolant system maintenance

All RushCare Contract Maintenance packages also include RushCare Complete, our all-inclusive service management solution with access to our state-of-the-art service communication system, RushCare Service Connect, easy-to-use online parts ordering with RushCare Parts Connect, vehicle recall and campaign management, as well as telematics solutions.

With more than 100 locations nationwide, Rush Truck Centers are strategically located in high-traffic areas on or near major highways so we can service customers virtually anywhere they operate.
